

High School Hybrid Surveys

- [Parents](#)
- [Students](#)
- [Staff](#)

Assumptions:

- Parent and student surveys can be administered through a school system that ties their results to student/family data in Rediker

Sources:

- [School Reopening Surveys \(from Panorama Education\)](#)
- [Back-to-School Surveys](#) (from Panorama Education)

Introduction:

Thank you for taking a moment to complete this important survey. The purpose of this survey is to collect data about your opinions on topics such as: preparing for hybrid implementation and the hybrid learning model, reflections on remote instruction, and the social and emotional wellbeing of our community, among other topics. We will ask every Belmont High School student and educator to complete a survey and we will ask each family to complete one survey for the family. Your responses will be held in the strictest confidence and only high-level aggregate data will be shared with an advisory group of students, educators and families and in a public presentation at an upcoming School Committee. If you have questions or concerns about the survey please contact Janice Darias at jdarias@belmont.k12.ma.us.
